### The European...Re-hydrate

*Take a moment to smell the flowers.*

Breathe in the aromatic fragrance of the French countryside during the rose and lavender full body exfoliation that gently removes the rough, dry skin. Then surround yourself in a richly hydrating cocoon of nourishing mud made from the soothing rose clay extracted from the Provence region of France. Your senses will carry you away during a 60 minute Swedish massage followed by a body butter application laced in the aroma of lavender fields. Finally you will be pampered during a 30 minute facial focusing on hydration of the skin.

### The Columbian...Rejuvenate

*Mmm...a coffee lovers dream.*

Perk up your senses with an aromatic full body coffee bean exfoliation, sloughing off dry surface cells and improving circulation to the skin. Then enjoy a deeply soothing hazelnut hot stone massage. Heated stones are used to massage the body in long rhythmic strokes to loosen muscle and relieve tension. Lastly, your skin will be drenched with moisture with the application of whipped vanilla latte body butter. Yummy!
